over-the-ear
sport earhooks**

Using Your iHome FIT Sport Earhooks

Noise isolation earhooks such as this iHome model are supplied with soft, flexible, silicon tips that are designed to fit in the entrance to your ear canal, provide a good seal, and block out extraneous noise so that only the music gets through. Your iHome earhooks are supplied with Small (S), Medium (M), and Large (L) size silicon tips. The Medium (M) size tips were installed at our factory. If you find that the 'M' size tips are either too small or too large to provide a good seal in your ears, you may change to either the 'S' or 'L' size tips. To change the tips simply pull the 'M' size tips off the earhooks and push either the 'S' or 'L' tips on. Be sure that the new tips are pushed on to the plastic tubes as far as they can go and are fully seated so that they do not come off the tubes and remain in your ear when you remove the earphones. If one of the tips remains in your ear, remove it carefully to avoid pushing it further into your ear canal.

These iHome earhooks are marked "L" and "R". They can only be worn one way. Some people prefer to place the tip in their ear first and then position the flexible hook over the ear. You may also place the flexible hook over your ear first and then position the tip in your ear.

Before connecting the headphone plug to your music player or smartphone, set the volume control of your music player or smartphone to a low level. Then connect the headphone plug of your iHome earhooks to the headphone jack of your device, begin playback and gradually raise the volume to a comfortable listening level. Make sure that the plug is fully inserted into the jack of your device. If the plug is not fully inserted you may only hear sound from one ear piece.

WARNING: Listening at high volume for long periods can cause long term hearing loss. Remember that noise isolation earphones like this iHome model are designed to reduce or eliminate most background noise, so do not use these earhooks while driving a car or in other situations that would prevent your from hearing warning sounds.

NOTE: When wearing noise isolation type earhooks in very cold weather you might experience a mild 'tingling' sensation in your ears. This is caused by the build up of static electricity in your body and is not an indication of any problem with your earhooks.

Limited Lifetime Warranty Information

iHome Products, a division of SDI Technologies Inc. (hereafter referred to as SDI), warrants this product to be free from defects in workmanship and materials, under normal use and conditions, for the lifetime of the product from the date of original purchase.

Should this product fail to function in a satisfactory manner, it is best to first return it to the store where it was originally purchased. Should this fail to resolve the matter and service still be required by reason of any defect or malfunction during the warranty period, SDI will repair or, at its discretion, replace this product without charge. This decision is subject to verification of the defect or malfunction upon delivery of this product to the Factory Service Center authorized by Customer Service.

If service is required, please call Customer Service at 1-800-288-2792 to obtain a Return Authorization Number and shipping instructions.

Disclaimer of Warranty

NOTE: This warranty is valid only if the product is used for the purpose for which it was designed. It does not cover (i) products which have been damaged by negligence or willful actions, misuse or accident, or which have been modified or repaired by unauthorized persons; (ii) cracked or broken cabinets, or units damaged by excessive heat; (iii) damage to digital media players, CD's or tape cassettes (if applicable); (iv) the cost of shipping this product to the Factory Service Center and its return to the owner.

This warranty is valid only in the United States of America and does not extend to owners of the product other than to the original purchaser. In no event will SDI or any of its affiliates, contractors, resellers, their officers, directors, shareholders, members or agents be liable to you or any third party for any consequential or incidental damages, any lost profits, actual, exemplary or punitive damages. (Some states do not allow limitations on implied warranties or exclusion of consequential damages, so these restrictions may not apply to you.) This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Your acknowledgement and agreement to fully and completely abide by the above mentioned disclaimer of warranty is contractually binding to you upon your transfer of currency (money order, cashier's check, or credit card) for purchase of your SDI product.
